It's Mother's Day!

Planning the perfect day takes time—and you definitely don't want to risk waiting until the last minute when you may not be able to secure a reservation for the activity of your choice.

You could host a small family party for Mother's Day, but there are tons of other options, too—even if you live on opposite coasts and are looking for virtual ideas you can both enjoy from your respective locales. Either way, if you try out one of these Mother's Day activities, it's bound to be a holiday she won't soon forget.

THIS MONTH

May is National Electrical Safety Month! It's the time of year that we raise awareness on how to avoid potential electrical hazards. According to Electrical Safety Foundation International (ESFI), an estimated 35,000 home fires, over 1,130 injuries, 500 deaths, and \$1.4 billion in property damage occurs each year as a result of electrical malfunctions.

Whatever your age, you're never too old or too young to learn about electrical safety. There are always ways to secure your home from electrical hazards.

Here's some ways to protect your home.
